

# Join the Beta Community

**Beta Community Partnerships, Inc.** includes people with disabilities, family members, friends, Board Members, staff, business associates and other members of the community. The “community” started in 1973 with a handful of people and has grown to several hundred. Since 1991 we have invited people to formalize their membership in Beta’s community. The money from your generous donations is used to support Beta Community Partnerships’ Community Engagement Program.

The Community Engagement Program is designed to enhance the opportunities for people we serve to participate in reciprocal relationships within the greater Attleboro/Taunton community. This is done through actively recruiting volunteers to develop 1:1 relationships/friendships based on common interests and goals, and to encourage and support participation in valued community organizations to promote citizenship, membership, participation, and opportunities to contribute.
